

Knit Toys

Would your customers need a knitted hand towel toy?

If your store offers knitted home textiles or baby products, trust us—your customers will definitely want this knitted hand towel toy.

Because she may be an eco-conscious person. After washing her hands, she would probably prefer not to reach for a wood-fiber paper towel, which to her is equivalent to cutting down trees and harming forest environments.

Because she may be a mother of a young baby. She wants all products her child touches to be made of natural fibers, and safety and hygiene are always her top priorities.

Because she may be someone with a lovely, warm personality. She wants every item in her home to be beautiful, cute, and practical all at once.

Because she may be someone struggling to find the perfect gift. She's busy, yet she doesn't want to disappoint her loved ones. A versatile, cost-effective knitted hand towel is exactly what she needs in her gift set.

Choose EWSCA knitted hand towels today and add more possibilities to your product line!
